Certificate FOR FOOD CONTACT

Reg (EC) No 1935/2004

FDA § 21 CFR 177.2600

ERIKS certifies the suitability for repeated contact directly or indirectly with food.

Based on combined technical information and component analysis, ERIKS confirms the high level of protection of human health.

All articles are produced in compliance with good manufacturing standards so that they do not transfer their constituents to food.

The articles conform to the Food and Drug Administration (FDA) Regulations §21 cfr 177.2600.

The regulations for documentation and labelling protocol have been fulfilled.
