

Material Safety Data Sheet according to 91/155/EEC, the standards and regulatory requirements of United States. Date of issue: 29/01/2008

1. SUBSTANCE/PREPARATION AND COMPANY IDENTIFICATION

Product Name: EPDM ERIKS compounds
MSDS N°: E0020
Chemical Name: Ethylene-Propylene Elastomer
Company: ERIKS Nederland
Toermalijnstraat 5
1812 RL Alkmaar
Postbus 280, 1800 BK Alkmaar
Tel. +31 72 / 514 15 14
Fax +31 72 / 515 56 45
info@eriks.nl

2. COMPOSITION/INFORMATION ON INGREDIENTS

Chemical Nature (preparation)

Description:

Ethylene-Propylene-Diene Terpolymer (CAS number: 25038-36-2)

3. HAZARDS IDENTIFICATION

Potential Health Effects

Possible routes of entry include skin & eye contact and process vapor or dust inhalation.

Smokers should avoid contamination of tobacco products with product and should wash their hands before smoking.

4. FIRST AID MEASURES

Inhalation

If exposed to fumes from overheating or combustion, move to fresh air. Consult a physician if symptoms persist.

Skin Contact

Wash with soap and water.

Eye Contact

Flush eyes with plenty of water. Consult a physician if symptoms persist.

Ingestion

Not expected to occur during normal use of product.

5. FIRE FIGHTING MEASURES

Extinguishing Media

Water, Foam, Dry Chemical, CO₂

Fire Fighting Instructions

Wear self-contained breathing apparatus. Wear full protective equipment.

Exposure Hazards

Decomposition products see section 10.

6. ACCIDENTAL RELEASE MEASURES

Safeguards (Personnel)

Use appropriate PERSONAL PROTECTIVE EQUIPMENT during clean-up.

Spill Clean up

Sweep up to avoid slipping hazard.

7. HANDLING AND STORAGE

Handling

Protect against fire.

Storage

Store in cool, dry place away from direct light to maintain quality.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Engineering Controls

Ventilation:

Vapors and fumes liberated from compounds during hot cured processing should be exhausted from work areas to maintain the ambient workplace atmosphere below the limits in section 2.

Personal Protective Equipment

Respirators:

When temperature exceeds 200°C and ventilation is inadequate to maintain concentration below exposure limits, use a positive pressure air supplied respirator.

Air purifying respirators may not provide adequate protection.

Protective Clothing:

If there is potential contact with hot/molten material, wear heat resistant clothing and footwear. Do not touch decomposed parts even when cool. Neoprene gloves recommended.

9. PHYSICAL AND CHEMICAL PROPERTIES

Physical Data:

Melting Point:	NA
% Volatiles:	NA
Solubility in Water:	Insoluble
Odor:	None
Color:	Black
Appearance:	Solid
Specific Gravity:	1.09

10. STABILITY AND REACTIVITY

Chemical Stability

Stable at normal temperature and storage condition.

Conditions to avoid

Overheating

Incompatibility with other materials

No specific information is available, however strong oxidizers or reducing agents which generally not compatible with compounds.

Hazardous Decomposition Products

Fumes produced when heated to decomposition temperatures may contain carbon monoxide, carbon dioxide, hydrogen cyanide, oxides of nitrogen, and small amounts of aromatic and aliphatic hydrocarbons. Combustion products from rubber, like those of other natural and synthetic materials, must be considered toxic.

11. TOXICOLOGICAL INFORMATION

No information is available.

12. ECOLOGICAL INFORMATION

Aquatic toxicity: No information is available.

13. DISPOSAL CONSIDERATIONS

Waste disposal

Preferred options for disposal are (1) recycling, (2) incineration with energy recovery, and (3) landfill. The high fuel value of this product makes option 2 very desirable for material that cannot be recycled, but incinerator must be capable of scrubbing out acidic combustion products. Treatment, storage, transportation, and disposal must be in accordance with applicable federal, state/provincial, and local regulations.

14. TRANSPORTATION INFORMATION**Shipping information**

DOT

Proper shipping name: not regulated

Hazard class: not regulated

**15. REGULATORY INFORMATION****U.S. Federal Regulations**

TSCA Inventory Status: This product and all components are listed on U.S. EPA Toxic Substances Control Act Inventory and in accordance with EC directives/ GefStoffV.

16. OTHER INFORMATION**Hazard Rating System Classifications:**

	<i>NFPA</i>	<i>HMIS</i>	
Health:	2	0	National Fire Protection Association rating identifies hazards a fire emergency
Flammability:	1	1	Hazardous Materials Identification system rating applies to products as packaged
Reactivity:	0	0	

Key: 0=least; 1=slight; 2=moderate; 3=high; 4=extreme

Important Note:

This information is furnished without warranty, expressed or implied, as to accuracy or completeness. This information is obtained from various sources including the manufacturer and other third party sources. The safety data sheet only describes the products in aspect to their safety requirements.

Consult: www.O-ring.info for more technical compound info and the address of your nearest ERIKS location
